OMB Families in Transition Grant is a grant helping families in transition due to losing income, home, or other devastating events.

We also offer other sustainable services to families like our Free eye care and eye glass partnership with local eyecare facility.

The OMB grant has blessed multiple families. In 2023, we look forward to empowering many more families, impacting and empowering families in the inner cities of Los Angeles county. COINPM is combining this grant in connection with THE 4-POLES program (The four pillars of life enlightenment systems). Going beyond solutions. COINPM not only feeds and clothes, but teaching and transforming the lives of families with cutting edge electric approaches and shifting the trajectory of families.
